Feedback Committee Annual Report

Introduction

The Feedback Committee of Smt. Maherbanu College of Science & Commerce serves as a vital link between the student body, faculty, and administration. Our primary goal is to gather, analyze, and act upon feedback to enhance the overall experience of students and foster an environment conducive to growth and learning.

Committee Activities

Feedback Collection

Throughout the academic year 2022-23, the Committee actively engaged in various feedback collection mechanisms, including:

- Conducting surveys among students, faculty, and staff.
- Organizing focus group discussions and meetings.
- Implementing suggestion boxes across campus

Analysis and Reporting

The collected feedback was meticulously analysed to identify recurring themes, concerns, and areas of improvement. Comprehensive reports were generated and shared with relevant stakeholders, providing actionable insights for decision-making.

Initiatives and Actions

Based on the feedback received, several initiatives and actions were undertaken:

- Curriculum enhancements and adjustments
- Value add short term courses
- Improvements in campus facilities and infrastructure
- Faculty development programs and workshops
- Student support services enhancements
- Implementation of new technology for learning and administration

Key Findings

Student Feedback

- **Academic Experience:** Students expressed satisfaction with the quality of teaching but highlighted a need for more practical learning opportunities.
- **Facilities:** Mixed feedback on facilities, with a high demand for improved library resources and upgraded laboratory equipment.
- **Support Services:** Positive feedback on counseling services; however, students requested expanded career guidance initiatives.

Faculty and Staff Feedback

- **Professional Development:** Faculty members appreciated the recent professional development workshops but sought more opportunities for interdisciplinary collaboration.
- **Administrative Support:** Staff highlighted the need for streamlined administrative processes to improve efficiency.

Achievements and Future Plans

Achievements

- Successfully implemented 70% of the recommendations from the previous year's report.
- Enhanced collaboration between faculty and students through new feedback channels.
- Upgraded campus facilities, including the library and laboratories.

Future Plans

- Implementing a mentorship program to foster student-faculty interaction.
- Expanding career counseling services to support student career readiness.
- Continuing to address infrastructure needs and technological advancements.

Conclusion

The Feedback Committee remains committed to facilitating a culture of continuous improvement by valuing and acting upon feedback. We express our gratitude to all participants for their invaluable input and look forward to implementing further enhancements in the upcoming year.
