## **THE AKOLA GUJARATI SAMAJ:**

Way back in the year 1967, some prominent visionary members from the Gujarati Samaj of Akola city came together and formed a trust named as “Akola Gujarati Samaj” primarily for promoting the cause of education. The secondary objective was to preserve and foster Gujarati culture and heritage. The trust was duly registered under the Bombay Public Trust Act and the Societies’ Registration Act. This was a concrete step towards fulfilling the mission of the Samaj, which was “*to maintain and develop the culture and heritage of Gujarati speaking people irrespective of caste, creed and religion, in harmony with other communities of different vernaculars*”. The unique and distinctive feature of the trust is that it is secular in nature.

## **SMT. MAHERBANU COLLEGE OF SCIENCE & COMMERCE :**

In the year 2009-2010, the management decided to expand its area of educational activities by entering the field of higher university education. As such “Smt. Maherbanu College of Science & Commerce” was started in the same year. The college is recognized by the Govt. of Maharashtra and affiliated to Sant Gadge Baba Amravati University, Amravati. The focus of the management is to make available the best educational facilities to the students of the region so that they may not be required to go to faraway places for prosecuting further higher studies. Therefore, instead of focusing on starting the conventional courses like B.A. and B. Com., the management decided to provide educational facilities in professional courses like B. B. A., B. C. A. and B. Tech. (Cosmetics). The fee structure of the courses is as per govt. and university directives so that all sections of the society can derive benefit of professional education at a lesser cost.

The management has constructed a new state-of-the-art building with the help of a donation of Rs. 2.75 crore from Shri Mansurali Kamruddin. It is worth mentioning that the benevolence of Shri Mansurbhai has been instrumental in furthering the cause of education in Akola city. The new building has a constructed area of about 30,000 sq. ft. and is centrally located at Mahatma Gandhi Road, Akola. The junior and senior college is functioning in this new building. The college is considered to be one of the best in the region having spacious and ventilated class rooms fitted with CCTV and public address system, well equipped laboratories, well stocked library with spacious reading room, computer laboratory with latest computers having LCD monitors and internet connectivity, LCD projector facility etc. It is the firm commitment of the management to make it a model college in the entire region. The college employs innovative methods of teaching-learning to groom the overall personality of students.
